Bucket Seat Cover Care and Installation Guide

Installation Instruction:

1: Lay the cover in place and push the seat anchor cushions into the crevice between the seat back and the bottom cushion.

2: Loop the elastic strap around the seat back. This step is optional if your bucket seat has side air bags.

3: Loop the straps around the headrests and adjust the length of the straps to the best fit.

4: There are 2 elastic straps with velcro on the skirt of the cover, attach the velcro at the back of the seat cushion to fasten the skirt.
